John & Marcia Rempel - serving with OM in Austria

"We reached another milestone with the launch of the home group on Jan 29th. We were a total of 7, with 3 people missing due to being sick. Will this be the beginning of a small church sometime in the future?"

The Bible-reading group continues to meet Saturday nights.

Due to weather, we missed the deadline to get my office ready for paint and flooring by month-end. Our construction guys start another job lasting 3 months in February, so we're having to look for other options to get finished. Based on previous experience, the delay just gives us more opportunities to share the gospel.

Thanks a lot for standing with us."
