

It is with great disappointment that we announce that we will not be running bible camp this summer at Eagle Lake.

With COVID restrictions the way they are at this point, and with complete uncertainty of where they will be at by summer time – it has made it impossible for our camp committee and camp board to plan camp for Summer 2021

This definitely leaves us feeling disappointed, we fully TRUST that God is at work in the middle of all of this, and is building His kingdom during this time!

In our trusting and believing that God works for the good of those who love him (Romans 8:28) we are making plans for camp 2022, and would welcome your prayers in that regard. Thank You all so much for your support over the years!
