Two Testimonies:

One mother's young daughter was terrified after seeing a large spider in their home and later developed a fever. She told me, "Lead is very good for removing fear! I can melt it, circle it around my daughter's head to absorb the fear, and then drop it into cold water so the fear will leave her." I explained to her that we trust God for healing and deliverance, and we pray with faith—not through old superstitious practices. I encouraged her to talk to her daughter and to pray for her. She spoke with her daughter, and she was surprised at the wisdom she had to calm her daughter.

Every day, Afghan refugees in Pakistan face many financial difficulties and live with the fear of being deported. In our last call, one such sister surprised me. "For years I lived with fear—fear of poverty and fear of deportation. But since I connected with you and joined the Bible teaching sessions, even though I still have many problems, I feel a peace inside me that I never had before." She has started reading the Bible regularly.
